

Fly Your Safety Agenda!

What separates us 'normal' pilots from our professional flying colleagues? They create a plan and they FLY their PLAN. This seminar will discuss on how all pilots can get their plan together for 2020 and execute like a pro! Topics we will cover are FAASafety WINGS participation; ADS-B and what we need to know now that is REALLY here; Creating a Safety Agenda.

Bring your favorite iPad or tablet and we will review various tools that are readily available to all of us.

Directions: This seminar will be held in the main terminal building, second floor conference room.

A message from the National FAASafetyTeam Manager
